Dear Sirs,

**APPLICATION FOR A NO TIME LIMIT STAMP AND A BIOMETRIC  
IMMIGRATION DOCUMENT**

**Applicant: Mr Wilson Apoku**  
**DOB: 09 August 1999**  
**Nationality: Jamaican**  
**Status: Indefinite Leave to Enter as a dependent child**

We are the legal representatives for the above-named applicant and represent him in his immigration matter. The applicant is a Jamaican national and was granted with Indefinite Leave to Enter the UK on 06 October 2015. This is endorsed in his previous Jamaican passport which unfortunately he has been unable to locate and has reported this as lost. He has now obtained a new passport to replace the lost one. The applicant now wishes to apply for an NTL Stamp and a Biometric Immigration Document.

We would be grateful if you could process this application as a matter of urgency. The applicant has obtained a new Jamaican passport and requires proof of his immigration status in order to be able to leave and re-enter the UK. The applicant requires his Indefinite Leave to Enter to be transferred to a Biometric Residence Permit.
